For Release: October 16, 2006

JAMAICANS RECEIVE FREE DENTAL CARE

Now is your chance to see a dentist for free in the Negril area. All are welcome to visit three dental clinics Oct. 16-27. You just need to make your appointment through your local Ministry of Health.

Sandals Resorts International is partnering with *Great Shape Inc. and International Smile Power* to care for 9,000 Jamaicans. Great Shape Inc! and International Smile Power are two non-profit organizations based in the United States. About 100 volunteers will serve Ocho Rios and Negril over a four week period. The Dentists and Assistants will offer teeth cleaning, extractions, sealants and education. They'll help you achieve a beautiful, healthy smile; all for free!

Cavities and gum disease can lead to several other health problems, including heart disease and low-birth weight. It's important to see a dentist now. Plus these volunteers will offer education to help you better care for your own teeth.

The free dental clinics are set up in Cave Valley Health Center, Askenish All Age School and Lucea Health Center. Reserve your spot with the local Ministry of Health.
