SNEAK PEEK INSIDE FREE DENTAL CLINIC

Join us to see what it really takes to care for Jamaicans inside M.A.S.H like clinics. It takes international team work and organization to travel from America to Jamaica to set up free dental clinics. We'll show you how 100 volunteers partner with locals to care for thousands of Jamaican families.

Sandals Resorts International is hosting *Great Shape Inc!* and *International Smile Power*. These non-profit agencies offer education and free dental care. We'll take you behind the scenes so you can see the dental equipment, interview the dentists, assistants and Jamaican patients.

Tooth decay and gum disease can lead to many other health problems, including heart disease and low birth-weight. Plus a healthy smile increases opportunities for employment, especially tourism.

Great Shape Inc! and *International Smile Power* are two non-profits based in the United States. These volunteers have organized community and health projects in Jamaica for nearly twenty years. Sandals Resorts is the major sponsor of this humanitarian project.
