ASHLAND HIGH STUDENTS BREAK FUNDRAISING RECORD SUPPORT ALUMNI WORK IN JAMAICA

(Ashland, OR) The students of the Catalyst Program at Ashland High School are celebrating their success as fundraisers. They measured, mixed and baked their way toward **\$308.00**. That's more money than they've ever raised with their bake sales. The donation will support Great Shape! Inc. The non-profit empowers the children of Jamaica through education and health care. **Their donation will take care of thirty people.**

Ashland High graduate, Cindy Bechtel-Adams (class of 1988) and her mother, Georgene Crowe presented the project to the Catalyst students in April. Crowe helped found Great Shape! nearly twenty years ago after Hurricane Gilbert decimated the island.

Bechtel-Adams and Crowe are so pleased with the students' success. "We're so proud the Catalyst students have joined our Great Shape! team. It's amazing they broke their own fundraising records to support kids just like them in Jamaica."

Donations will help provide dental care and education to 9,000 Jamaicans in the fall. In rural Jamaica, there is only one dentist for every 80,000 people! Plus, any health care is extremely expensive for families living in poverty.

Join Great Shape! Inc. at the next fundraiser at Ashland's Windmill Inn on June 30th. Plus, you should join us on our humanitarian trip, 1000 Smiles, in the fall. For more details on Great Shape! Inc., check out the website: ww.gsjamaica.org.
